

**SUPER RICH MOISTURIZING LOTION
ETB31218**

INDGREDIENTS	INCI NAME	
Hest 25B	C12-15 Alkyl Benzoate	5%
Hest TC	Tricaprylin	10%
Hest T-3S	Trimethylolpropane tristearate	3%
Hest P-4IS	Pentaerythrityl isostearate	6%
Hetoxol I-20-20	Octyldodeceth-20	2%
Hetoxol STA-2	Steareth-2	6%
Hest G-18-O	Glycereth-18 Ethylhexanoate (and) Glycereth-18	5%
Carbopol Ultrez 21	Acrylates/C10-30 alkyl Acrylates crosspolymer	0.2%
	Triethanolamine	0.3%
	Water	<u>62.5%</u>
		100%

PROCEDURE

- 1) Heat the Hest 25B, Hest TC, Hest P-4IS, Hest T-3S, Hetoxol STA-2, and Hetoxol I-20-20 to 80-85C.
- 2) In a separate vessel, disperse the Carbopol Ultrez 21 in the water. After it is hydrated, add the Hest G-18-O and begin heating to the same temperature.
- 3) With adequate mixing, slowly add Step 1 to Step 2 and continue mixing for 10 minutes.
- 4) Reduce mixing speed and begin cooling to room temperature.
- 5) Add the TEA at 65C and continue cooling.
